Makey Makey™

"Move Over Elmo"
-USA Today

Makey Makey is an invention kit for the 21st century. Turn everyday objects into touch pads and combine them with the internet. It's a simple invention kit for Beginners and Experts doing art, engineering, and everything in between. Build a high-five photo-booth, or a slippery banana peel DDR pad, semi-digital board game, or an interactive maze for your pencil or hamster! Invent it all with your computer, some alligator clips, and a Makey Makey.

Winner of multiple awards and featured in TED talks, the Makey Makey is a breakthrough learning tool used by educators to teach Invention Literacy, Making, and Design Thinking.

No software or programming knowledge needed!

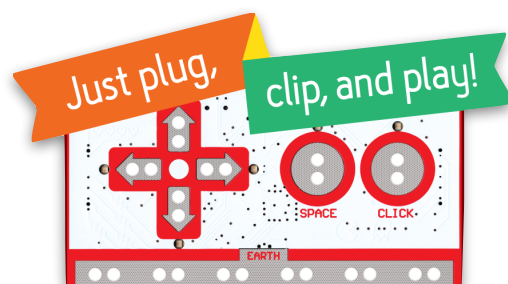

Each box includes:

Makey Makey, USB Cable, 7 Alligator Cables, 6 connector wires, illustrated instruction guide, and stickers
